

# **Curriculum and Program Development**

## **Course description**

**This course focuses on principles of curriculum, assessment, and programming for gifted learners. We'll examine the characteristics of quality curriculum for gifted learners, consider various curriculum models, and research program evaluation tools.**

## **Course Goals**

**Participants in this course will increase knowledge and develop skills to:**

- **Identify appropriate curriculum for gifted learners.**
- **Understand the value of a written gifted curriculum's scope and sequence.**
- **Know how to plan gifted programs.**
- **Identify and describe various gifted curriculum models.**
- **Know and apply the National Association of Gifted Children Program Standards related to curriculum and program planning in their practice.**
- **Know, understand and implement the elements involved in executing and evaluating a gifted program evaluation.**
